

Integral Systems Awarded \$13.1 Million Multi-Year U.S. Government Contract

COLORADO SPRINGS, Colo., May 11, 2010 (GLOBE NEWSWIRE) -- [Integral Systems, Inc.](#), (Nasdaq:ISYS) announced today that its wholly-owned subsidiary, [RT Logic](#) has been awarded a \$13.1 million, multi-year contract by the United States Government to modernize a major data communications network.

RT Logic will supply its T500MX multiplexers, which are designed to interface legacy digital and analog signals to modern network backbones. RT Logic's COTS server-based multiplexer systems are widely deployed by NASA, the Department of Defense (DoD) and other critical availability networks.

About Integral Systems

Integral Systems, Inc., of Columbia, MD, applies more than 25 years experience to provide integrated technology solutions for satellite communications-interfaced systems. Customers have relied on the Integral Systems family of companies (Integral Systems, Inc., Integral Systems Europe, Lumistar, Inc., Newpoint Technologies, Inc., RT Logic, and SAT Corporation) to deliver on time and on budget for more than 250 satellite missions. Our dedication to customer service has solidified long-term relationships with the U.S. Air Force, NASA, NOAA, and nearly every satellite operator in the world. Integral Systems was named the Region III Prime Contractor of the Year by the U.S. Small Business Administration in 2009. For more information, visit www.integ.com.
