Kratos Receives \$9.5 Million Satellite Communications Signal Processing and Monitoring Equipment Contract Award

SAN DIEGO, Nov. 22, 2016 (GLOBE NEWSWIRE) -- Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS), a leading National Security Solutions provider, announced today that it has received a \$9.5 million contract award from a United States Government Agency for specialized satellite communications signal processing, monitoring and communications equipment. Kratos is a leading provider of command and control, signal processing, monitoring and communications, RF interference identification, geo location and mitigation, and satellite communications network operations products, equipment, software and solutions. The equipment and systems under this contract award will be produced at a secure Kratos facility. Due to customer related and other considerations, no additional information will be provided related to the contract award.

About Kratos Defense & Security Solutions

Kratos Defense & Security Solutions, Inc. (Nasdaq:KTOS) is a mid-tier government contractor at the forefront of the Department of Defense's Third Offset Strategy. Kratos is a leading technology, intellectual property and proprietary product and solution company focused on the United States and its allies' national security. Kratos is the industry leader in high performance unmanned aerial drone target systems used to test weapon systems and to train the warfighter, and is a provider of high performance unmanned combat aerial systems for force multiplication and amplification. Kratos is also an industry leader in satellite communications, microwave electronics, cyber security/warfare, missile defense and combat systems. Kratos has primarily an engineering and technically oriented work force of approximately 2,800. Substantially all of Kratos' work is performed on a military base, in a secure facility or at a critical infrastructure location. Kratos' primary end customers are National Security related agencies.
